The 1984 HORNET is dedicated to Mrs. Becky White. Mrs. Becky White was graduated from George County High School as valedictorian of her senior class. She then attended the University of Southern Mississippi where she received a degree in math.

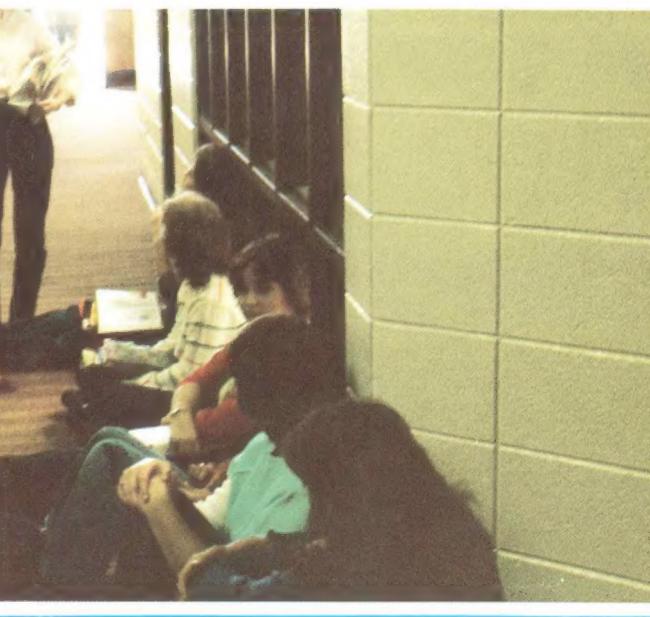

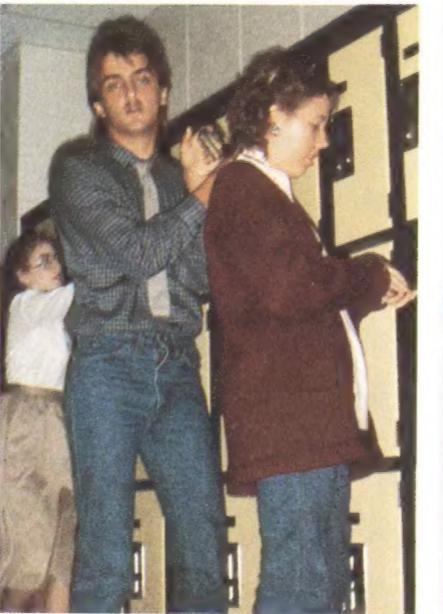

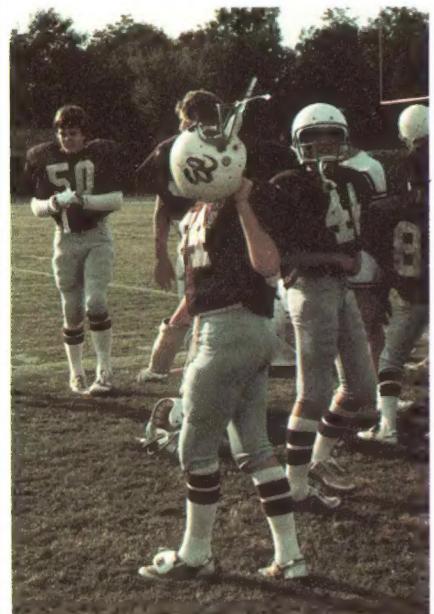

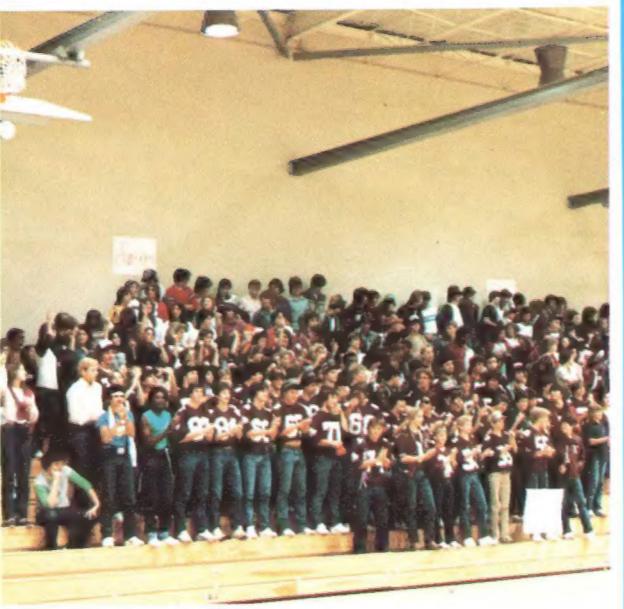

Mrs. White has been a member of the East Central Junior High faculty for six years. She has made various contributions to the school program which include teaching seventh grade math, teaching Algebra I, and sponsoring the Junior High Student Council. Mrs. White also served as sponsor of the yearbook in past years.

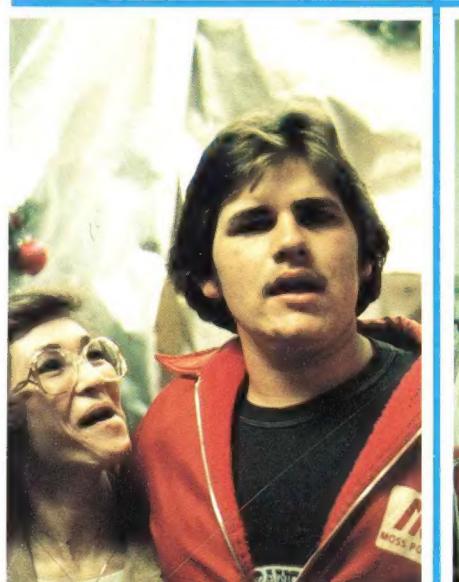

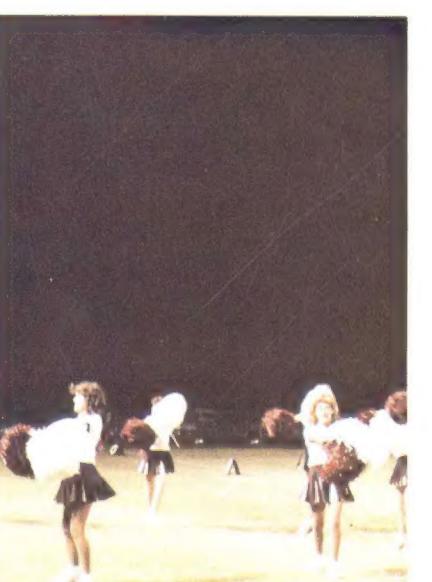

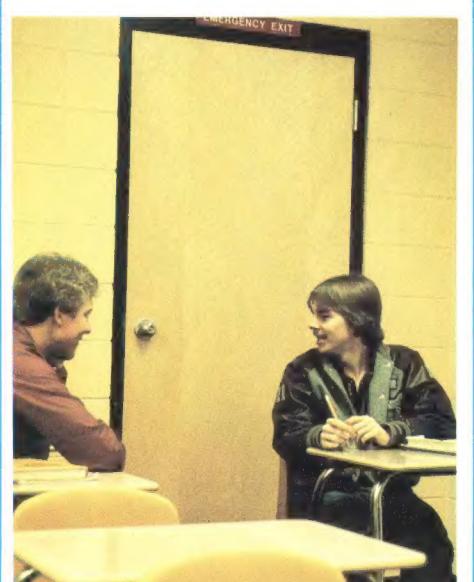

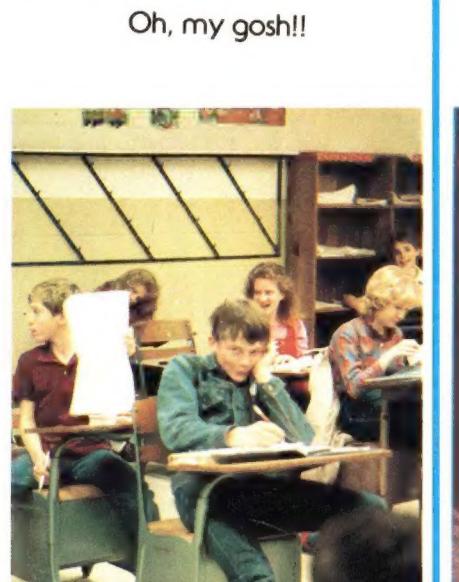

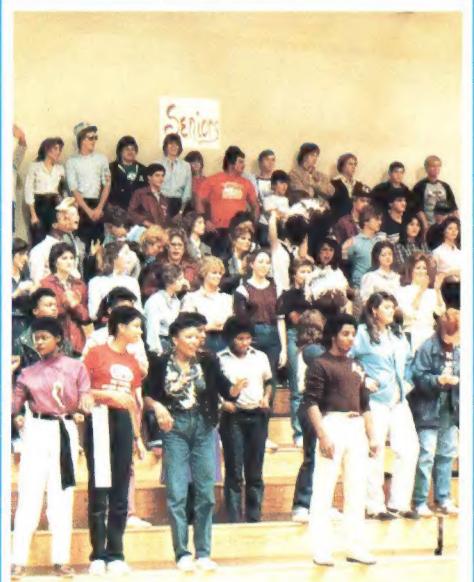

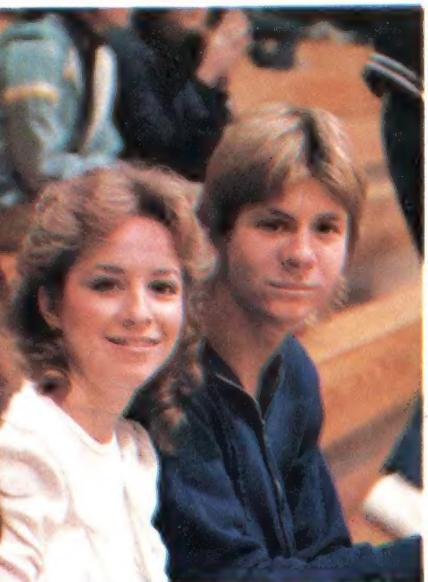

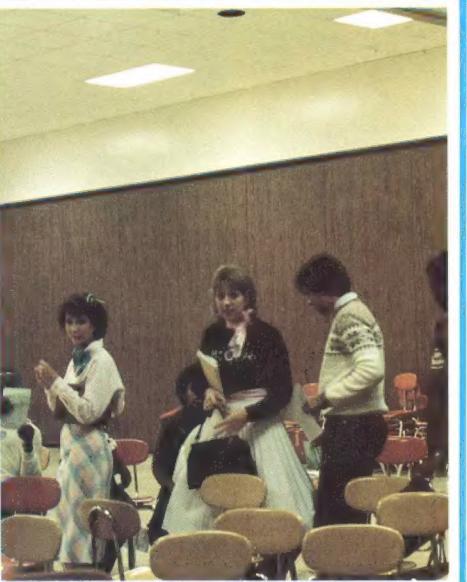

When Mrs. White is not spending time with her husband, Stu, and her son, Jameson, she enjoys sewing, working with young people in church and school activities, cooking, traveling to watch sports, and, of course, she enjoys teaching.

William Johnson

Are we in the right . . .  
Have you ever really stopped to think  
Just what a football player is?  
He is one of the chosen few.  
He is not just another kid.

He works really hard all year long,  
And tries his very best,  
To reach his very highest goal,  
For his team to beat the rest.

When he's ready to enter the season,  
The season has just begun,  
But just before his tackle is made,  
The season has come to an end.

All that's left is a happy memory;  
It's the special moments that are dear,  
The dreams, the hopes, the thoughts, and fears,  
That leave a cheerful tear.

## IN MEMORY OF JEFF MILLER

### MEMORIES

Dark hair upon his head,  
Freckles on his nose,  
Why he was taken away,  
No one will ever know.

He was loved while he was here,  
Memories of him will be forever,  
Though many years may pass,  
His loved ones will forget him never.

He lived each day of his life,  
The best that he knew how,  
And though he lives in a new home,  
I'm sure he lives the same right now.

One day it will be understood,  
Why things happened this way,  
And when we see his face again,  
Together, forever, we'll stay.
